The Program is subject to change so please ensure you check any changes on the 'Program Changes' board located at the registration desk onsite.

## TIME ALLOCATION

PeArLs sessions are allocated 45 minutes. This includes 5 minutes for your presentation + 40 minutes for your question and answer time. In the interest of fellow speakers, please ensure that you keep to your allotted time frame.

The chair will time your presentation and provide you with a warning at **2 minutes** remaining of your talk and when time is up. You may like to rehearse your presentation with slides in advance to ensure your presentation fits within the allotted time.

Should one of the presenters in your session not be present, please keep to the program running order. The same policy applies if the session should finish earlier than expected. This will allow participants to move between sessions to attend other presentations at their scheduled times.

## SESSION VENUE – ARRIVE EARLY

Please assemble in your session room **at least 10 minutes prior** to the start of the session. This will allow time for the Chair to liaise with the speakers, explain the seating set up and arrangements for questions/discussion following the conclusion of your presentation.

## POWERPOINT PRESENTATIONS

PeArLs sessions are limited to 3 concise presentation slides. Presentations must be provided in a version of Microsoft PowerPoint. Any video must be embedded into the .PPT or .PPTX file and must be viewable within your presentation time.

Speakers are advised to bring their presentation on USB Memory Stick to the Conference. Should your presentation be in MAC format, it is imperative that this be converted to PC format prior to arrival at the Conference.

Please note: Standard PowerPoint Presentations need to be adjusted to fit the projector to avoid black edges on your PowerPoint slides. Please ensure your PowerPoint Presentations are in 16:9 and **not** 4:3. To adjust your presentation in PowerPoint, please [click here](#) to follow these steps. Presenters must also contain a disclosure slide within their PowerPoint presentation.

Please note that **personal laptops are not permitted** to be used for your presentation in the session.

If you have any questions in regard to this process please email these directly to [rob.stafford@flinders.edu.au](mailto:rob.stafford@flinders.edu.au)

## SPEAKER PROCEDURES

- Your presentation will be available via venue laptop. If you are not familiar with this equipment, visit your session room early and speak to your technical support person for assistance well ahead of your presentation.
- In the unlikely event of a technical problem, the technical support person present will attend to it. The problem will be fixed as quickly as possible. While this is being done you should continue with your presentation.
- Keep track of time.

## INCORPORATION OF EVIDENCE/ADDRESSING BARRIERS

All authors are asked to include **in their presentation** an outline of the evidence used to create the content; this must include references (authors, article title, journal, year, volume and page numbers) within/on materials. Should the presentation call for assertions or recommendations, any lack of evidence must be acknowledged and include a discussion on commonly encountered barriers to change and implementing recommendations.

## DECLARATION OF INTEREST

Any conflicts of interest must be declared as part of the presentation.

All presenters **must** include a conflict of interest slide using the template provided. Please click [here](#) to download the conflict of interest slide template. You may change the background to match your presentation. This **must** appear at the beginning of the presentation either after the title page or learning objectives and can be in addition to the 3 presentation slides.
